This Thursday would be very difficult, I already have a very full day. Monday the 15th is wide open currently.

## John Mannix

Thanks Devlin, a follow up call is in order here. How is this Thursday or Monday May 15 for everyone?

**Subject:** SVEC follow up discussion

Good Afternoon Kendall,

I wanted to follow-up with you regarding the latest test results that were shared from both the EPA and School District. I know we had discussed a follow-up meeting regarding those results as well as the next steps moving forward. I know we have not finalize a conference call date and time, but I was hoping to start the discussion to a date and time. Did you have a specific date or time that works for the EPA that might also work with the Snohomish Health District as well as the School District?

--
